* Requires the printed text ancillary service endorsement. The option selected must not be printed with the endorsement.

*** Change Service Requested Option 2 Service Type IDs may be used in the Intelligent Mail barcode for Standard Mail letters and flats. CSR Option 2 STIDs are not valid for Standard Mail parcels.

Use of the CSR Option 2 STID in the Intelligent Mail barcode indicates the mailer has requested forwarding of Standard Mail and Bound Printed Matter when possible and agrees to pay any resulting forwarded STD Mail fees. Check, Credit Card, ACH Credit or CAPS payment options are available.

Mailers must establish an ACS account prior to mailing with these STIDs. Contact acs@usps.gov or call the ACS Department Toll Free at 877-640-0724 (option 1) to set up an account. If an ACS account has not been established prior to the use, one will be set up for you using the CRID information that is associated to the Mailer ID used in the IMb. Use the "ACS Billing" profile option in the Mailer ID system via the Business Customer Gateway before mailing to identify a billing contact and address if the CRID for the MID is not the desired billing information for the Forwarded STD Mail fees.

The Forwarded STD Mail fees are charged in addition to ACS fees when applicable. See Notice 123, Other Services, Address Correction Service.
